Dear Industrial Exhibitors

The SSRMP Annual Scientific Meeting 2010 will be held in Bern-Wabern at the Federal Office of Metrology METAS. The special emphasis this year will be on dosimetry.

The meeting will be an opportunity for the Industry to exhibit their products and services to key customers and applicants of the medical physics community.

Conference lunch and coffee will be served in the same premises as the industrial exhibition, providing good contact opportunities to potential customers.

The purpose of this flyer is to inform about the various possibilities and conditions for Industrial Exhibitors. Please refer to the backside for details.

Industrial exhibitors may also register to the conference and to the dinner at [www.sgsmp.ch](http://www.sgsmp.ch).
