

Continuous Education Day 2023

“Potential and Future of Spatially Fractionated Radiotherapy”

Friday, October 27th 2023, 9:00 to 18:00 h

Langhans Auditorium, Institute of Pathology,
Inselspital Bern

Program SSRMP-SASRO Continuous Education Day 2023

09:00 - 09:30	Welcome Coffee	
09:30 - 09:40	Marta Sans Merce, Geneva Oliver Riesterer, Aarau	Welcome
09:40 - 10:20	Cristian Fernandez-Palomo, Bern	Introduction to SFRT (GRID-RT, Lattice-RT, Mini-beam RT, Micro-beam RT)
10:20 - 11:00	Paolo Pelliccioli, Bern	Microbeam Radiotherapy at the European Synchrotron
11:00 - 11:40	Valentin Djonov, Bern	Biological Effects of Microbeam Radiotherapy and Its Potential
11:40 - 13:00	Lunch Break	
13:00 - 13:40	Stefan Bartzsch, Munich	Compact (non-Synchrotron) Microbeam RT Source
13:40 - 14:20	Yolanda Prezado, Paris	Minibeam Radiation Therapy: From Bench to Bedside
14:20 - 15:00	Elisabeth Schültke, Rostock	Experience From Pre-Clinical Microbeam Radiotherapy: Effects in Tumour Tissue and Organs at Risk
15:00 - 15:30	Coffee Break	
15:30 - 16:10	Michael Grams, Rochester	Lattice/Grid RT at Mayo Clinic: Simulation, Treatment Planning, Quality Assurance, and Delivery
16:10 - 16:50	Sean Park, Rochester	Clinical SFRT: Now and the Near Future
16:50 - 17:30	Gabriela Studer, Lucerne	Lattice RT at LUKS: Clinical Cases
17:30 - 17:45	Marta Sans Merce, Geneva Oliver Riesterer, Aarau	Closing
